

ANOTHER 'WIZARD' HAS GONE BROKE

Chicago Financier Used Others' Money for Speculation and Lost

CHICAGO, Feb. 12.—Raymond J. Bischoff, taken into custody yesterday after involuntary proceedings in bankruptcy had been instituted against him by his creditors, today admitted he owes about \$4,500,000, representing the savings of 4,000 Chicagoans, mostly foreigners. Losses, than \$1,000,000 worth of oil and gas stock of doubtful value is available to meet the obligations, it was announced.

Bischoff, whose financial operations apparently rival those of Charles Feltch, the Boston "wizard," breathed a huge sigh of relief when taken into custody by deputy marshals. He had received threats from those he is alleged to have fleeced.

James J. Kelly, attorney for Bischoff, today asserted that his client had violated no law but has simply lost money by speculation.

Creditors may receive 15 cents on the \$1, Mr. Kelly said, when Bischoff's holdings are liquidated.

Attorneys for the receiver said they were investigating Bischoff's affairs and would call in state authorities to see if Bischoff can be prosecuted under a confidence game charge. Federal authorities intimated there was no basis for prosecution.

NEW CHINESE PANIC

Maturity of Pacific Loans March 1 May Cause Distress to Orientals; Fluctuating Was Poor

PEKING, Feb. 11.—A presidential mandate endorsing the consolidation of the salt surplus loans was withdrawn from publication last night on receipt of a telegram from General Wu-Yi-hui, representative of the Chinese and Hung forces opposing the agreement. Sir Frank Ashton, director-general of maritime customs, also notified the government that the customs surplus had been hypothecated in the service of internal loans and that therefore it was improbable the prospective increase in the tariff would be sufficient to secure a second loan of \$100,000,000.

The failure to consolidate the loans, coinciding with the proposed maturity of the Pacific Development company's \$5,000,000 gold loan on March 1, is considered in some quarters here as likely to result in another financial panic.

FIND TWO LIFELESS BODIES

Texas Farmer and Wife Slain, Boy Injured—Look for Assassins.

WACO, Texas, Feb. 12.—The lifeless bodies of Mrs. W. C. Winkler, the former with a bullet in the head and the latter with the head cleft open with an axe, were found at their farm home at Concord, seven miles northeast of here early today. Homer Turk, 13-year-old boy, was found with his skull crushed, but still alive.

Late today seven negroes had been taken into custody and a number of Mexicans are under surveillance. Those suspected are all employees of farms near the scene of the tragedy.

The only witness to the tragedy who is in a condition to talk is Willie Lou Barker, 4-year-old daughter of the murdered couple.

"They shot daddy in the lot," she told officers, "then two men came to the house and asked mamma for money. She handed them something; then they shot her. The men looked like Mexicans, but talked like negroes."

MADE IT HOT FOR TABASCO

General Greene, Former Mexican Governor, Fomenting Revolution.

MEXICO CITY, Feb. 12.—General Carlos R. Cravi, former governor of the state of Tabasco, has been under surveillance here for several months following his acquisition of charges of murder, it has quietly departed from the capital. It is reported that he has returned to Tabasco, with the intention of fomenting a revolution.

General Greene was brought to Mexico City sometime ago to answer charges in connection with the assassination of several legislators in Tabasco. They were said to have been fired on by Greene's soldiers, while a session of the chamber of deputies was in progress.

Greene was acquitted, but later was arrested again on an allegation of conspiracy. He was held without trial on this charge but by agreement he remained in the capital, meanwhile drawing full salary as governor of Tabasco.

PUTS JAILBIRD ON A DIET

Says Many Prisoners Eat Much and Profit But Little.

NEW YORK, Feb. 12.—Pity the poor inmate of Bronx county jail! Henceforth he will eat by calories rather than by quantity. The innovation, part of an economy drive by Sheriff O'Brien, to keep the price of food for inmates within the \$12.00-a-year allowance.

In explaining the departure from old customs to his charges, Sheriff Flynn said:

"Some of you men and women seem to eat a great deal and give no manifestations of receiving any actual benefit.

"I propose to feed you scientifically, so you will hereafter receive many decimals of a better fare and solids, and while I do not intend to make paupers out of any of the men to encourage manhandling of keepers, still I feel responsible for your good health."

JUST GROUNDS FOR DIVORCE

Preacher Says Christ Would O. K. Divorce in Some Cases.

CHICAGO, Feb. 12.—If Christ were on earth today he would approve divorce in many instances of matrimonial unhappiness."

This declaration by the Rev. John Thompson in an address at the First Methodist church here has aroused considerable comment and wide divergence of opinion in ecclesiastical circles.

Said Doctor Thompson:

"God did not prohibit divorce as we know it. If we were here today while we have kind, wise and discriminating judges deciding on domestic infidelities, He might recognize more than one ground for di-
